

# KITA

Meme. Mission. Movement.

## Whitepaper

Prepared for Community & Investors

© KITA — All Rights Reserved

## Introduction

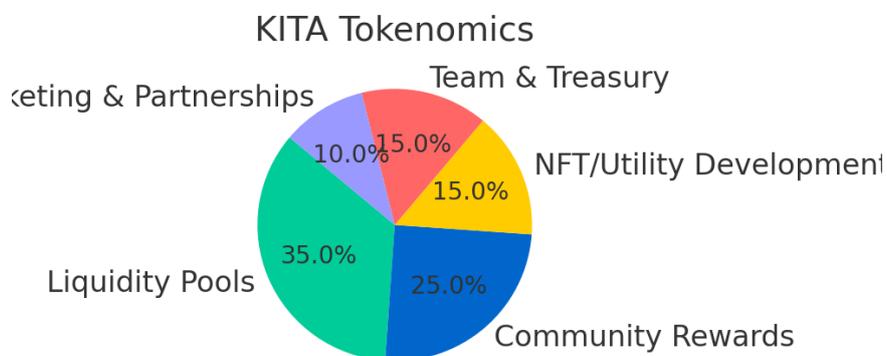

\$KITA is more than a memecoin—it is a mission-driven digital asset designed to combine humor, culture, and blockchain utility. With NFTs, staking mechanisms, trivia games, and real-world applications, \$KITA is positioned as a leader among Solana-based community tokens.

## Utility & Ecosystem

The \$KITA ecosystem includes NFT collections (30 supply), token staking pools, alpha groups for holders, and expansion plans for a mobile app. Future integrations include trivia games, merch, and potential video game collaborations.

## Tokenomics

Total Supply: 985M \$KITA. Distribution ensures liquidity pools, community rewards, and ecosystem development. Staking APYs vary with commitment length, ensuring sustainability. Airdrops and incentives support active community growth.

## Roadmap

2025: Expand staking & NFT utilities. Release trivia games & Telegram sticker packs.

2026: Launch mobile app. 2027: Partner with gaming studios for NFT integrations. Beyond:

Merch, real-world utility, and wider adoption.

### KITA Roadmap Timeline

### Vision

To build the #KITAArmy into a global movement that balances meme culture with blockchain-powered utility. Our long-term goal is to make \$KITA the Solana benchmark for sustainable meme-token projects.
